

Open Source Summit Workshop Recap

Antitrust Policy Notice

- › Linux Foundation meetings involve participation by industry competitors, and it is the intention of the Linux Foundation to conduct all of its activities in accordance with applicable antitrust and competition laws. It is therefore extremely important that attendees adhere to meeting agendas, and be aware of, and not participate in, any activities that are prohibited under applicable US state, federal or foreign antitrust and competition laws.
- › Examples of types of actions that are prohibited at Linux Foundation meetings and in connection with Linux Foundation activities are described in the Linux Foundation Antitrust Policy available at <http://www.linuxfoundation.org/antitrust-policy>. If you have questions about these matters, please contact your company counsel, or if you are a member of the Linux Foundation, feel free to contact Andrew Updegrave of the firm of Gesmer Updegrave LLP, which provides legal counsel to the Linux Foundation.

Adjacent Project Updates

SPDX

FOSSology

Clearly Defined

Forward Planning - Strategy and Tactics

- OpenChain as a Project
- OpenChain as a Standard
- OpenChain as a Solution

OpenChain as a Standard

- Needs to always remain open and freely accessible
- Needs to have self-certification and guided conformance
- ISO via PAS + Pre-existing OpenChain structure is optimal

Specification Work Team

OpenChain Training Requirements

- Training is currently focused on 85% of Software Staff
- Activity Specific vs Outcome-Based

OpenChain Organization Requirements

- Program
- Legal Entity
